

Non-Resident Library Cards

Non-residents that do not live in any other public Library taxing district are required to pay a fee for the use of the Library for one year. The non-resident fee for property owners shall be calculated by multiplying the evaluation figure from the patron's tax bill by the tax rate for the current year. Rates change annually. The annual fee for renters will be 15% of one month's rent. Library cards will be issued to all eligible family members upon registration and payment of the non-resident fee and will expire annually. This allows participation in all Fox River Grove Memorial Library programs equal to FRG residents.

Non-Resident Library Card Fees

The Library Tax Rate for 2017 is:
