

## **Volunteers**

The Fox River Grove Public Library District recognizes and appreciates the hard work and unique talents the volunteers of the community offer to the Fox River Grove Public Library District throughout the year. The Fox River Grove Public Library District also recognizes the risk of injury which can be a part of every activity. For that reason, the Board of Trustees of the Fox River Grove Public Library District carries the necessary insurance coverage to provide insurance to volunteers who are injured while performing a task assigned by the library director or Board of Trustees as part of the library's volunteer program. This coverage is provided at the same level as accidental injury coverage is provided to employees of the library.
